Hi Sophie,

Thank you for sending the Clark Project Agreement. Can you please clarify if The Elections Group is also a nonpartisan support organization. If so, can you kindly add that to the agreement so there is no confusion from the public if we were to receive a public request act regarding this agreement. Lastly, can you please remove "each month" from the sentence below. I believe we discussed a half day agreement as we are busy around this time.

Your office capacity will determine the number of hours you spend working with The Elections Group. each month.

Thank you again for meeting with us last week and we look forward to talking to you soon!

Please give me a call if you have any questions or concerns.

Hello Lorena,

As our work on the shared standards progresses, a key component is understanding what it takes for any individual office to meet a standard. We'd like to partner with you to explore that question! Details are in the attachment. (Please note, this collaboration is separate from your participation in the Alliance's premium membership tier, so your time spent working on this with the Elections Group will not deplete or otherwise affect your Alliance opportunities or 1:1 consulting credits.)

If you're ready to kick things off, please sign and return the attached document.

Thanks!

Sophie

Subject: Action items: Next steps for nonpartisan communication standards!

Hi Lorena, Dan, Noemi, and Andrew,

Thank you for all the feedback with the [poll worker standards](#)! This is an exciting time as we invite the [broader election community](#) to share feedback on the nonpartisan poll worker standards. As feedback rolls in, we are pivoting to focus on codevelopment of the Communication Standards which includes a baseline activity and two calls to talk through your ideas.

As a reminder, the communication standards cover topics ranging from print communication, media relationships, communicating with policy-decision makers and more! So what can you expect?

- The **baseline activity** is an opportunity for you to share your ideas for these standards. This is an opportunity to invite input from others in your office, too!
- **Codevelopment calls** will bring 2-3 Centers and Alliance partners together to talk about your ideas for the communication standards. This conversation will be based on the baseline activity described above. There are 10 standards to cover, so we will have 2 rounds of 90-minute codevelopment calls.

Action items

Identify 1-3 people who will represent your office in codevelopment of the standards. This might be the Alliance lead and two additional folks who have expertise in the standards covered in the baseline activity.

1. (5 min) Please [share all the available times](#) your office representatives can join for the first 90-minute call (1 of 2). This call will be between the dates of Oct 9-Oct 27.
2. (5 min) Please [share all the available times](#) your office representatives can join for the second 90-minute call (2 of 2). The call will be between Oct 30–Nov 17.
3. (90 min) In preparation for your codevelopment call please complete the [baseline task](#). The deadline to complete this is 24 hours before your first codevelopment call.

We will follow up on codevelopment calls with a calendar invite. Thank you for your continued collaboration in this work. We are lucky to work with you!

All the best,

Rocio

Hi Dan and Lorena,

Thank you both for responding so quickly with your availability. I noticed that each of you indicated different availability for the first call. Are there any times when you can both attend the first call? If not, which one of you will be attending the first call so I know which slot to schedule?

I also notice that both of you indicated availability on November 14 for the second call. Unless I hear otherwise, I'll schedule you both for that call. Please let me know what you prefer, and I look forward to talking with you!

All the best,

Subject: Action items: Next steps for nonpartisan communication standards!

Hi Lorena, Dan, Noemi, and Andrew,

Thank you for all the feedback with the [poll worker standards](#)! This is an exciting time as we invite the [broader election community](#) to share feedback on the nonpartisan poll worker standards. As feedback rolls in, we are planning to focus on codevelopment of the Communication Standards which includes a baseline activity and two calls to talk through your ideas.

As a reminder, the communication standards cover topics ranging from print communication, media relationships, communicating with policy-decision makers and more! So what can you expect?

↳ The **baseline activity** is an opportunity for you to share your ideas for these standards. This is an opportunity to invite input from others in your office, too!

↳ **Codevelopment calls** will bring 2-3 Centers and Alliance partners together to talk about your ideas for the communication standards. This conversation will be based on the baseline activity described above. There are 10 standards to cover, so we will have 2 rounds of 90-minute codevelopment calls.

collaboration in this work. We are lucky to work with you!

All the best,

Rocio
