Support Needed for $400 Million in Election Infrastructure Funding

Right now, the appropriations committee in Congress is drafting the initial bills for Fiscal Year 2025, and is planning to cut spending to even lower than last year's levels. As part of the Election Infrastructure Initiative, we urgently need your support to persuade Congress to allocate $400 million for election infrastructure.

We have prepared a compelling letter to Congress that underscores the critical need for this funding to guarantee safe, secure, and modern elections. **We need as many local administrators and partners to sign on and send a strong message to Congress that we cannot afford to cut election security and access in this critical year.**

The committee will finalize the bill the first week of June - can we count on you to add your name to our sign-on letter this week to make sure they know elections offices can't wait another year for support?

Add your name

By signing on to this letter, you will play a crucial role in amplifying our collective voice and showcasing the widespread support for this essential funding. Your support is vital to demonstrate to Congress that there is a united, bipartisan demand for election infrastructure.

Your commitment to ensuring the integrity and accessibility of our elections is invaluable. Together, we can secure the funding necessary to uphold our democratic values and ensure every American's vote is counted.

Thank you for your support.
